BIG CURIO BLANKETS FOR DISTANT POINTS

Winter Tourists Availing Themselves of the Last Chance.

There is a daily increase in the demand for Navajo blankets at Blake's Big Curio store. They are ordered sent to all parts of the country, an indication that the winter tourists are preparing to take their flight for their distant homes and they are buying that blanket that they intended all winter to buy.

They knew that it was a genuine blanket. They had been attending the Big Curio Blanket school during the winter and made sure that it was genuine. They had compared prices and had learned the genuine blanket is sold at the Big Curio store cheaper than anywhere else.

They knew "of their own knowledge" that it was genuine and they had the additional confirmation of it by the two guarantees back of every Navajo blanket that goes out of the Big Curio store. One is a \$1,000 bet that the proprietor makes that it is genuine and the other is the standing offer to take it back any time, now, or years hence, at the price that was paid for it.

For rheumatism you will find nothing better than Chamberlain's Liniment. Try it and see how quickly it gives relief. For sale by all dealers.—(Advertisement.)

In answer to the Editorial published in The Arizona Democrat April 22nd, vilifying Commissioner F. A. Jones, we, the undersigned citizens of Arizona and as parties interested in, and present at the hearing of the cases before the Interstate Commerce Commission regarding which said Editorial was published, we believe that it is our duty to denounce the Editorial as a malicious lie and to testify that Commissioner Jones did appear in behalf of shippers of all other commodities involved at this hearing, that in our judgment he showed no favoritism, but to his utmost ability, represented the entire people.

APPLICATION TO I. C. C. FOR STAY

Arizona Corporation Commission Asks Suspension of Tariffs of Great Rate Court.

The corporation commission yesterday made application to the interstate commerce commission for a suspension in the rate that has recently been announced on petroleum and petroleum products from Texas and Oklahoma points. The railroads have recently, in spite of the case recently presented before the examiners of the interstate commerce commission, announced a raise in rates in these products.

An additional application was made also for the suspension of the entire tariff on wheat from Kansas and Missouri points. The rates on these products would be raised by the new tariff from sixty-eight cents to \$1.12. It is stated that this action is for the purpose of getting around the case recently tried before Special Examiner Settle of the interstate commerce commission in which certain shippers and the Arizona corporation commission asked that the rates on flour be made the same as those on wheat. If the I. C. C. agrees to raise the flour rate may remain the same under the application of the Arizona commission.

WHY HE WAS LATE

What made you so late?
"I met Smithson."
"Well, that is no reason why you should be an hour late getting home to supper."
"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."
"Did you tell him to take Chamberlain's Tablets?"
"Sure, that is what he needs." Sold by all dealers.—(Advertisement.)

JUNIORS WILL PRESENT MINSTRELS NEXT FRIDAY

More Joy in Preparation for Fortunate Phoenix. Just a Week to Wait.

The annual junior minstrel will be staged in the high school auditorium next Friday evening. There's nothing immature about the performance as a glance at the program will show. The title simply indicates that to the junior class belongs all the glory of the production. Mutt and Jeff will be there with bells on. The skit "High Times in Heidelberg" will lack nothing of perfect "German Joy". The girls' chorus will sing to beat the band and Professor Posies will perform on five different musical (?) instruments. There will be music in plenty both vocal and instrumental, and several monologues will find places on the program. And finally a black half-moon of minstrel comedians will shine upon the audience.

They are different, Idaho potatoes. \$1.75 cwt. by sack, McKEE'S.—Advertisement.
